The College Fees Policy and any subsequent amendments to this policy will require the approval of the Corporate Services Committee and / or the Governing Body. The Fees Policy will be reviewed annually and any changes recommended will be referred for approval to the College Senior Leadership Team (SLT) and the Corporate Services Committee.

Payment of Fees (non Higher Education / University programmes)

In general all fees are payable in full at the point of enrolment. However, the College offers a payment instalment plan collected in equal monthly instalments between the date of enrolment and one month before the end of the course. (Please refer to page 7 for payment of Higher Education / University programmes).

Payment instalment plans can be used only for tuition fees in excess of £100 and all other associated fees (e.g. registration, exam fees) must be paid in full at enrolment.

Students whose employers have agreed to pay their fees must produce a letter from their employer, at the time of enrolment, confirming that the employer will cover the full costs of the course.

Where a student withdraws from a course, an application for refund of fees will only be considered in the following circumstances:

- An application to withdraw is made in writing within two weeks of the start of the course.
- Withdrawal is due to the College failing to deliver the course to a reasonable standard.

Where a student withdraws from a course which has commenced and they have attended for more than two weeks, an application for a refund and/or waiver of outstanding fees will only be considered in the following circumstance:

- Withdrawal is due to the exceptional personal circumstances of the student that prevent continued participation in the course.

In the event of a higher education course being changed from that advertised at the point of enrolment, the learner will have the option of a refund.

Where fees have been paid by the Student Loan Company or Student Finance, the refund will be made to them and not the learner.

The College reserves the right to retain fees paid which cover the duration of tuition received.

All applications for a refund or waiver of fees must be made, in writing, to the Vice Principal - Finance & Registry. The Vice Principal - Finance & Registry will determine if a refund is due.

Appeals against such a decision may be made to the Principal / Chief Executive whose decision will be final.

Liability for payment

All students are liable to pay tuition fees and are responsible at all times for any fees or amounts outstanding to the College.

Confirmation of assessment for students in receipt of student support through the Student Loans Company (SLC) will be sought by the College via the SLC Portal. In the event this cannot be confirmed, the student will be held responsible for paying the full fee.

All fees due must be fully discharged before completion of any award or qualification.

Entry onto courses will be denied if arrangements to settle fees are not in place at the date of course commencement.

Payment Arrangements

Student Finance / Student Loan Company UK Students Any student intending to apply to Student Finance to pay their fees either in full or in part must inform the College at the time of enrolment. Applications for funding need to be made direct to Student Finance (<https://www.gov.uk/apply-online-for-student-finance>). A new application **must be made for each academic year of your course of study**.

If Student Finance agrees to fund a student, they will notify the SLC who will confirm the funding to the College. Tuition fees will be paid directly to the College for undergraduate study. For postgraduate study the student will receive the loan funds and it is then the students' responsibility to ensure the applicable amount is paid to the College to cover the full amount of outstanding tuition fee.

Until the SLC confirms tuition fee payment of a student to the College, the student will remain liable for any fees due. If the SLC is funding less than the full amount of the tuition fees, it is the student's personal responsibility to settle the outstanding amount.

Financially Sponsored Students

If you are being sponsored, a sponsor letter is required for each academic year. A valid sponsor letter requires the following:

- Be presented on the sponsors official letterhead
- Clearly state the student name and student number
- Clearly state the sponsorship amount
- Clearly state the financial contact details of the sponsor
- Purchase order number stated where required

Higher Education Compensation and Refunds Process

Higher Education Courses - Compensation and Refunds

The College is committed to protecting the consumer rights of students and ensuring that they receive the education to which they are entitled according to the terms of their contract with the College. This protection includes the approach taken to compensation and refunds. To assure itself and its students that the College's approach is appropriate, the policy meets the requirements of the Consumer Rights Act 2015. In addition, the policy has been informed by the principles and guidance provided by:

- Competition and Markets Authority: UK Higher Education Providers – Advice on Consumer Protection Law, 2015.
- Universities UK: Compensation and Refund Policies – Developing Good Practice, 2018.
- UK Quality Code for Higher Education.
- The Office of the Independent Adjudicator (OIA).
- Office for Students.

Refund of Fees

In the unlikely event that a course of study provided by the College does not meet the standards agreed and expected, a student may apply for a refund of all or part of any tuition fees paid. Students may also apply for a refund of all or part of any additional costs associated with the course of study that they were expected/required to pay as a condition of enrolment. This agreement includes students:

- in receipt of a tuition fee loan from the Student Loans Company;
- who pay their own tuition fees;
- whose tuition fees are paid by a sponsor.

NB – where the College can demonstrate that the partial completion of prior stages was not the fault of the College, for example, if a student failed to complete all required assessment activity without the agreement of the College, any refund would be reviewed and the College may deduct a proportion of any payment. This deduction would be explained and discussed with the student.

Compensation

In the unlikely event that action taken by the College significantly alters the approach to delivery of one of its courses of study which leads to a student incurring unnecessary or additional costs, the student may apply for compensation to cover all or part of these costs. This agreement includes:

- the payment of additional travel costs for students affected by a change in the location of their course;
- compensation for maintenance costs and lost time where it is not possible to preserve continuation of study;
- compensation for tuition and maintenance costs where students have to transfer courses or provider.

NB – where the College can demonstrate that the partial completion of prior stages was not the fault of the College, for example, if a student failed to complete all required assessment

activity without the agreement of the College, any refund would be reviewed and the College may deduct a proportion of any payment. This deduction would be explained and discussed with the student.

Applications for Refunds and Compensation

If a student believes that they are eligible to receive a refund or compensation and have not already been advised by the College that it is due, the following steps should be followed in order:

Stage	Process	Time for completion of Stage*
Stage 1 Informal Enquiry	All applications for refunds or compensation should be addressed to the Programme Leader in the first instance. In the majority of cases, the College will already be aware of any circumstances where a refund or compensation may be due and arrangements will be in place. The Programme Leader will advise the applicant on any progress being made and/or provide guidance on the next steps. Informal enquiries should be submitted via e-mail so that the applicant has a record of when the enquiry was made.	5 working days
Stage 2 Formal Request	If the College has not begun formal action to address a situation that may require a refund or compensation, or the applicant is dissatisfied with the proposed outcome, the applicant may apply for a refund or compensation to the VP Finance, using the form attached in Appendix 1. The application will be assessed and a decision provided to the applicant as well as the underpinning rationale.	15 working days
Stage 3 Complaint	If the applicant is dissatisfied with the decision of the VP Finance, they should submit a formal complaint to the College Complaints Resolution Office, using the Complaints Procedure which can be found on the College website . This will trigger a full review of the case and decision based on the evidence provided by both parties.	20 working days
Stage 3a Appeal to The Open University	For students enrolled to programmes of study validated by The Open University, there may be a right of appeal to The Open University. The grounds for any appeal to The Open University should be based on academic standards and quality. The Higher Education Office will be able to advise you on this matter.
